LAMILUX receives “Top Supplier 2021” award

Caption: from right to left Division Manager of the Roof+Façade Trade Group Volkmar Debus, LAMILUX In-House Sales Manager Michael Blechschmidt, LAMILUX Sales Manager David Plaetrich and Deputy Division Manager of the Roof+Façade Trade Group Patrick Politsch at the award ceremony in Bad Nauheim.

The Eurobaustoff roof&façade trade group has named skylights manufacturer LAMILUX “Top Supplier 2021”. The Rehau-based family business was awarded this coveted prize for the first time in the company's history. The award ceremony took place in Bad Nauheim, one of the two headquarters of Eurobaustoff.

Twenty-five industry partners of the Eurobaustoff roof&façade trade group competed for the prize and were evaluated by trade group members in four criteria last year. Both in the category “Sales”, “Retailer Support”, “Service &

Logistics” as well as in the category “Behaviour in the Coronavirus Pandemic”, LAMILUX was able to prevail against the strong competition and take first place.

The special thing about the “Top Supplier 2021” award: The award is presented on the basis of a direct evaluation of customers. This makes the prize particularly valuable, as Michael Blechschmidt, the responsible area manager for specialist trade at LAMILUX, reports: “We are very proud of this award and regard the honest evaluation from customers as great recognition for our performance in a challenging year marked by issues associated with coronavirus as well as raw material shortages.”

Blechschmidt went on to say that the award was an extreme incentive for LAMILUX to continue to work in as customer-oriented a manner as before, to always offer smooth sales cooperation and optimum delivery performance, and to inspire partners in the specialist trade with LAMILUX beyond the expected level through lived loyalty to the trade.

About Eurobaustoff

Eurobaustoff is an association of medium-sized specialist trading companies in the building materials, wood and tile sectors. Eurobaustoff views itself as a powerful interface between manufacturers and processors. Various trade groups within Eurobaustoff deal with the respective specialist areas such as building elements, roof and façade, wood, plaster, civil engineering, dry construction and landscaping. For many years, Eurobaustoff has been awarding the coveted prize to the top suppliers in the individual trade groups.

are thus essential components of fire protection concepts. LAMILUX is also known for its solutions for smoke extraction for buildings. Furthermore, the medium-sized family business founded in 1909 is one of the world's largest producers of carbon and glass fibre reinforced plastics. These composite materials provide stability, lightweight construction and impact resistance, for example as roof, wall and floor linings in commercial vehicles. The company currently employs a workforce of around 1200 people and achieved a turnover of roughly 293 million euros in 2020.
